PERSONAL PURPOSE

Develop my programming skills and find the ideal area to start my working experience.

EDUCATION

- 2020 **Bachelor of Computer Systems Engineering**
Instituto Tecnológico y de Estudios Superiores de Occidente, ITESO
Graduating in December 2024
- 2017 - 2020 **High School Diploma**
Centro de Desarrollo Integral Arboledas, A. C. - CEDI
Technology innovation oriented highschool

MAJOR PROJECTS

- 2022 **Schedule Simulator**
Cocreator - Web development course
Developed a website to create class schedules for next semester.
· Created an API using last semesters information.
· Use of Javascript, HTML, SCSS.
· Teamwork
- 2022 **Classification Algorithms API**
Cocreator - Object-oriented programming course
Developed a scalable classification algorithms API
· Use of Java
· Use of external API for Excel management
· Teamwork

EXTRACURRICULARS

- 2023 **Student union member of Computer Systems Engineering**
Bonding coordinator
- 2019 **Participated in Beautiful Patterns Program**
An MIT program for women in STEM. We learned the basics of HTML and CSS, as well as basic algorithms and how to solve them.
- 2018 **Summer math counseling**
Summer math counseling for low-income school students.

SKILLS

HARD SKILLS	C	Javascript	SQL
	Java	Python	HTML and SCSS
SOFT SKILLS	Communication skills	Critical thinking	Time management
	Teamwork	Leadership	Problem-solving skills
LANGUAGES	Spanish (native)	English (advanced)	French (beginner)
